

GOKARAJU RANGARAJU INSTITUTE OF ENGINEERING AND TECHNOLOGY

IEEE STUDENT BRANCH & WIE Affinity Group **Seminar on Cancer awareness**

Date: 25th February, 2014

Timings: 11:00 a.m. – 12:30 p.m.

Venue: GRIET, Hyderabad.

Number of Participants: 175

IEEE-WIE-GRIET in collaboration with Street Cause (GRIET) conducted a workshop on Cancer awareness in the college. We had knowledgeable guests, Dr. Praveen Reddy, oncologist from Continental hospitals and Dr Sharda, a gynaecologist who addressed a group of 175 female students and faculty. The session started at 11 am, with Dr.Praveen Reddy giving a brief introduction about Breast Cancer and alerted us on the worrying spurt of breast cancer in the last few years. The audience listened with rapt attention as he moved on to the causes and early detection of breast cancer. Finally, he spoke on how to root out cancer in its bud and in the later stages and how people carried on normal lives with cancer during surgical treatment.

There was an interactive session at the end where students put forward their queries to Dr.PraveenReddy.

At 12:00 noon, Dr.Sharda took over the session. As she enthusiastically lit the audience up with her smile, she briefed us about a topic not much spoken among general public, cervical cancer. She enlightened her audience about its causes, stages of Cervical Cancer, Its detection and treatment. The session ended at 12:30 with students enthusiastically approaching Dr.Sharda and Dr.Praveen with their queries.

The session ended with all the audience enlightened about the necessity of healthcare.
